MACHINES LIST

- N° 3 Centre Lathes + 350/500x2500 mm
- N° 2 Centre Lathes + 450/700x3000 mm
- N° 4 Centre Lathes + 550/800x4000 mm
- N° 2 Centre Lathes + 700/900x5000 mm
- N° 1 Centre Lathe + 1500x5000 mm otherwise + 2000x3000
- N° 1 Centre Lathe + 950/1350x9000 mm
- N° 1 Centre Lathe + 1050x4500 mm otherwise + 2000x3000
- N° 1 Lathe CNC + 400/600x3500 mm provided with autonomous rotating tools
- N° 1 Lathe CNC + 500/700x3000 mm provided with autonomous rotating tools and y axis
- N° 1 Lathe CNC + 400/600x2500 mm
- N° 2 Lathes DOOSAN PUMA + 600x3000 mm provided with autonomous rotating tools
- N° 1 Lathe CNC + 500/700x4200 mm provided with autonomous rotating tools
- N° 1 Lathe CNC + 600/800x6000 mm
- N° 1 Lathe CNC + 400/700x1300 mm
- N° 1 Lathe CNC + 900/1100x7000 mm provided with autonomous rotating tools and y axis
- N° 1 Grinding machine + 500/2000 mm
- N° 1 Grinding machine CNC + 400/3000 mm
- N° 1 Grinding machine CNC + 800/3000 mm
- N° 1 Grinding machine + 500/4000 mm
- N° 1 Grinding machine CNC + 1040/6000 mm
- N° 1 Milling machine
- N° 1 Slabbing machine 1000x4000 mm
- N° 1 Copper turning machine + 500x3200 mm
- N° 4 Ribbon cutting-off machine up to + 450 mm
- N° 4 Jig saws + 800 mm
- N° 1 Internal grinding machine + 150x200 mm

FIXTURES

- N° 2 Computerized dynamic balancing + 1200x4000 with printer and camber sensor capacity 2000 kilos
- N° 1 Computerized dynamic balancing + 2000x10000 mm with camber sensor capacity 10000 kilos
- N° 1 Heating induction system 200 KW + 800 mm with automatic motion of the parts
- N° 1 Automatic flexible welding system
- N° 1 Welding robot with laser search system
- N° 9 Baths of galvanic copper plating up to + 600x3300 mm
- N° 4 Baths of galvanic nickel plating up to + 1600x5800 mm
- N° 1 Bath of chemical nickel plating + 600x2900 mm

CERTIFICATES

- Quality system certificate according to UNI EN ISO 9001:2008 BVQI
- Qualification of n. 2 welders according to UNI 287-1
- Qualification of n.5 welding process according to UNI 288-3
- Qualification of n.1 Operator II level SNC TC 1A for magnetic checking and penetrating liquids

RAISING HOISTS

- N° 1 Bridge crane with capacity of 10 tons
- N° 7 Bridge cranes with capacity of 5 tons
- N° 3 Bridge cranes with capacity of 3 tons
